Please complete the endorsement google form by Friday, November 13, 2020.

Los Angeles Waterkeeper would encourage a more in depth water monitoring station be put in place at the Santa Monica Pier. LA Waterkeeper was disappointed in the execution of and the termination of the monitoring program we were enthusiastically involved in at the pier. We have not actually been notified of any plans or updated on the situation there since we took part in a maintenance dive last year and hope to hear more at some time.
