

# SCCOOS FY21-26 Endorsement Form

We need your help! The support from our stakeholders and partners is essential to successfully secure the resources needed to sustain the region's observing systems. In an effort to condense and simplify the submission of Letters of Support for our IOOS proposal we are requesting you submit an endorsement statement. Please provide a short statement (2-6 sentences) about how your affiliation benefits from the SCCOOS program and/or uses the data and products we provide. Please complete the endorsement google form by Friday, November 13, 2020.

Please let us know if you have questions. Thank you again for your continued support. We are looking forward to receiving your support statement.

Sincerely,

SCCOOS Program Office

First & Last Name \*

Meredith Brooks

Position \*

Strategic Grants & Special Projects Manager

Organization/Affiliation \*

AltaSea at the Port of Los Angeles

### Endorsement/Support Statement \*

Please provide a short statement (2-6 sentences) on why you support the SCCOOS program. We encourage examples of how your affiliation uses SCCOOS data and products, why this information is valuable, and/or how your affiliation collaborates with SCCOOS.

SCCOOS is an essential educational partner of AltaSea at the Port of Los Angeles; we share a mission to inspire and create a strong ocean-STEM workforce and accelerate young leaders in the Blue Economy, especially in underserved communities. The comprehensive resources of SCCOOS, AltaSea, and our other partners provide strong ocean science content and connections for a range of K-12 education experiences, including in-class instruction, workshops, training, internships and other learning resources. Currently, AltaSea and SCCOOS are joining efforts to create opportunities in STEM for underserved and underrepresented K-12 communities through programs showcasing ocean observing related careers and informal learning. Through this collaboration, we are aspiring to introduce these students to unique learning opportunities with AltaSea tenants and partners, and create lasting connections to Ocean-STEM.
